

Project Manager - Cloud

We're growing, again!

- Newly created role
- National award-winning IT&T Company
- Great staff culture and benefits

Amcom is an award-winning Australian IT&T company. Operating since 1998, Amcom specialises in meeting the growing needs of business and government customers for data, internet, voice and hosted services over its extensive network. Delivering superior customer service, faster connection times, product innovation and low connection costs, Amcom is the provider of choice to many leading organisations. We have recently acquired Perth based company L7 Solutions, which has five business units including Managed Services, Integrations, Advisory, and Training and Recruitment. This acquisition complements our current product offerings and leverages our existing fibre network assets, providing exciting new offerings for our customers.

In addition, the Amcom Cloud offering is thriving and we are working on a large number of exciting new projects with our customer base. As a result, we are building the team and require a driven Project Manager to lead delivery of our Cloud solutions.

Joining our rapidly growing Cloud team, this role will take responsibility for developing and implementing processes and procedures to ensure a seamless process post-sale. Working with our technical teams and the Business Manager – Cloud Services, the role will coordinate and manage the delivery of Cloud Services, ensuring effective and timely implementation for our customers.

So who do we need you to be?

We take great pride in our people, and that's just one of the things that make Amcom a great place to work. This role fills an important vacancy in our Cloud team and we are excited to broaden our team with skilled and motivated people that share our company values.

To be successful in this role you will be able to demonstrate your practical experience in the delivery and implementation of IT&T outsourced/managed services projects (Cloud highly desirable). You will have a high level of commitment to customer service with strong relationship management skills to collaborate with internal staff, vendors and customers. In addition, we need you to demonstrate a passion for Cloud technology, in order to reflect Amcom's commitment to exceeding client expectations in delivery of our solutions.

To apply for this position, please forward:

- Your current resume;
- A brief covering letter outlining your skills and experience in the areas listed above; and,
- An indication of your salary expectations.

For further information about this role, the members of our Cloud Team, what we love about working for Amcom, what we are aspiring to improve at Amcom, or anything to assist you in deciding if this is the right move for you, please visit our website at www.amcom.com.au or contact one of your potential future colleagues Tamara Smith, Recruitment Advisor, on (08) 9244 6130.

"Amcom is an equal opportunity employer, and encourages applications from men and women of all ages and backgrounds, including people with a disability."
